

AMATEUR RADIO CLASS

Presented by

Mission Viejo California Stake

Are you Prepared?

Fires, earthquakes, power outages and other emergencies can disrupt normal communications. Amateur Radio will always get through! This class will prepare you to take the FCC Technician Exam, (Amateur Radio Element 2). Changes in FCC rules have made it easy to get your amateur radio license. This class is designed for youth to seniors who have no experience with radio communications or electronics. No Morse Code Required!

Dates: This is a self-study course with an in-person information meeting on May 8, 2025. Testing will be available on June 16th.

Where: Mission Viejo Stake Center, 27976 Marguerite Parkway, Mission Viejo, CA.

Time: 7:00 PM

Cost: The class is free. There will be a \$15.00 testing fee. The FCC application fee is \$35 after you pass the exam. Register to receive study materials. The book, Technician Class Manual 2022-2026, by Gordon West is available at Amazon.com or Ham Radio Outlet in Anaheim.

How to Register: Contact Ken Campbell at radioclass@missionviejoerc.org to register or for more information.
